

#### POWERSPEC 1 YEAR LIMITED WARRANTY

This PowerSpec Computer ("the Product") is warranted to you, the original purchaser, to be free from defects in materials and workmanship for a period of twelve full months from the original date of purchase.

Should the Product fail to conform to this warranty during the warranty period, we or our authorized agent will repair the Product or, at its option, replace the Product with a comparable product.

Repairs or replacements may be made using items that are new or which have been manufactured from new, used, reconditioned or re-manufactured parts. If a product or part is no longer available its replacement will meet or exceed the specifications of the original. A replacement Product will assume the remaining warranty of the original Product or 90 days, whichever is longer.

This Limited Warranty is transferable within the warranty period as long as all other provisions stated herein are met.

#### EXCLUSIONS

This Limited Warranty covers normal use. Preventative maintenance is not included. We do not warrant and will not be held responsible for damages or loss resulting from a cause other than defects in materials or workmanship, including without limitation damage or loss caused by: neglect, accident, abuse, peripheral equipment, or servicing or modifications by anyone other than an authorized service center; transit of equipment to service center for service, return or evaluation; any natural disaster, including flood, fire, earthquake, or lightning; or electrical surges or use of improper power sources.

Items attached to or added to the Product after sale may be removed at the Technician's discretion prior to service. Such items will not be reinstalled in the original or replacement Product unless requested in writing, and re-installation will be made at normal service rates and at the Technician's discretion. We are not responsible for repairs or testing of non-covered items.

Our liability under this Limited Warranty shall be limited solely to repair or replacement as provided above, and we assume no risk of, and shall not in any case be liable for, any special, incidental, consequential or punitive damages, whether arising from breach of warranty or contract, negligence or any other legal theory, including, without limitation, loss of goodwill, profits or revenue, loss of use of the Product or any associated equipment, cost of capital, cost of any substitute equipment, facilities or services, downtime costs, or claims of any part dealing with the Purchaser.

Our employees and agents are not authorized to make modifications to this Limited Warranty, or additional warranties; accordingly, additional statements, whether oral or written, do not constitute warranties, are not binding on us, and should not be relied upon by the Purchaser.

This Limited Warranty allocates the risks of Product failure between seller and buyer as authorized by the Uniform Commercial Code and other applicable law. Product pricing reflects the allocation of risk and the limitations of liability contained in this statement.

**THIS 1 YEAR LIMITED WARRANTY IS EXCLUSIVE AND IS IN LIEU OF ALL OTHER WARRANTIES, OTHER THAN WARRANTY OF TITLE WHETHER ORAL OR WRITTEN, EXPRESSED OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE.**

Some states do not allow limitation on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages, so any such limitation or exclusion may not apply to you. This warranty gives you specific legal rights. You also have other rights, which may vary from state to state. Seller reserves the right to change its warranty policy at any time for all products distributed after the date of such change in warranty.

#### TO OBTAIN CARRY-IN SERVICE UNDER THIS LIMITED WARRANTY

• Call the PowerSpec Warranty Service Line at 614-850-3670, Monday-Friday 10am-Midnight, Saturday 10am-Midnight, and Sunday 11am-9pm EST or visit [www.microcenter.com](http://www.microcenter.com). You may be asked to go through a series of diagnostic steps with an Online Technician to help us determine the appropriate repair action necessary.

#### • ALWAYS BACKUP YOUR DATA ON YOUR COMPUTER BEFORE THIS OR ANY SERVICE EVENT

• Once the Online Repair Technician has determined that your unit is in need of service, bring your PowerSpec to your local Micro Center Service Department. We will gladly handle any warranty repairs involving part replacement free of charge. Micro Center should be able to repair your PowerSpec in 48 hours based on part availability. Micro Center Service Department hours are Monday through Saturday 10am-9pm. Sunday hours vary by store. Call your local Micro Center to verify your Sunday or Holiday Service Department hours.

• You will be notified when your service is complete and your PowerSpec is ready for you to pick up.

#### TO OBTAIN MAIL-IN SERVICE UNDER THIS LIMITED WARRANTY

• Call the PowerSpec Warranty Service Line at 614-850-3670, Monday-Friday 10am-Midnight, Saturday 10am-Midnight, and Sunday 11am-9pm EST or visit [www.microcenter.com](http://www.microcenter.com). You may be asked to go through a series of diagnostic steps with an Online Technician to help us determine the appropriate repair action necessary. Be sure to tell the Online Technician that you will be mailing your PowerSpec to our Service Department so that you receive specific mailing instructions.

#### • ALWAYS BACKUP YOUR DATA ON YOUR COMPUTER BEFORE THIS OR ANY SERVICE EVENT

• Once the Online Repair Technician has determined that your unit is in need of service, carefully package your computer. Use your original box and packing materials if you have saved them. If you do not have the original packaging, you will need to use an appropriate size and weight box and inner packing to protect your unit. Micro Center is not responsible for damage to your PowerSpec for insufficient or inadequate packaging materials.

• You will be responsible for the shipping fees of your PowerSpec to our Service Department. Once our Service Department has received your PowerSpec, we should be able to repair your unit in 48 hours based on part availability. We will cover the return shipping costs and mail the unit back to you when service is complete. The 48-hour Repair Guarantee begins when the unit is received into our Service Department and concludes when the unit is packaged by us for return shipment.

The warrantor of this Product is International Products Sourcing Group, Inc., the distributor. Contact us at [www.ipsgproducts.com](http://www.ipsgproducts.com) to register your warranty.

#### AVAILABILITY OF EXTENDED SERVICE AGREEMENT

An extended service agreement that protects against defects in materials and workmanship in the Product for one or more years after expiration of this Limited Warranty is available for purchase from the reseller.

## QUICKSTART & RECOVERY GUIDE

Follow these easy step-by-step instructions for quick installation or recovery of your new PC.

# PowerSpec

Assembled in the USA

## Supplier's Declaration of Conformity

This Declaration of Conformity is hereby issued in accordance with Chapter 1, Subpart A, Part 15 of Title 47 of the Code of Federal Regulations.

The following device complies as a Class B personal computer under the requirements of FCC Rule Part 15.

**Manufacturer: International Products Sourcing Group Inc.**  
**Model Numbers: Bnnn, Gnnn, Wnnn, Xnnn**

Note: The lower case nnn is a number noting different configurations which do not affect FCC Rule Part 15 compliance.

#### Responsible Party:

International Products Sourcing Group  
4119 Leap Road  
Hilliard, Ohio 43026  
(614) 850-3000

This device complies with the part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## 1. PREPARE THE WORK SPACE

- Keep all air vents clear. Leave four to six inches between the vents of the computer and walls.
- The Computer can be placed on a desk, table or floor, making sure there is open space for ventilation.
- Do not place the computer in dusty areas or areas of extreme humidity and temperature.
- Set-up the keyboard in a manner that will not cause discomfort during use.
- Place the monitor at a comfortable viewing position.

**WARNING** **INGESTION HAZARD:** This product contains a button cell or coin battery.

## 2. CONNECT THE MONITOR, KEYBOARD & MOUSE

- Plug the monitor signal cable into the appropriate connector on the back of the computer. If your system is equipped with a discrete video card be sure to use the video card for this connection.
- Connections may include VGA, DVI, HDMI, or Display Port. If using VGA or DVI, tighten the screws.
- If the monitor supports more than one connection, use only one of the connection types.
- Plug the monitor power cord into the back of your monitor and power outlet.
- Connect the keyboard and mouse, ensure they are correctly aligned.

DVI Digital Connector

DVI Analog Connector

OR

HDMI Connector

Display Port Connector

USB Keyboard Connector

USB Mouse Connector

## DO NOT

**DO NOT** install any additional hardware other than the keyboard, mouse, and monitor to your new system until your system has been turned on for the first time and the setup process is complete.

**DO NOT** install any software included with the computer. This software is **PREINSTALLED** and is included to reinstall the software after running the recovery.

**DO NOT** attach printers until the initial setup process is complete.

**DO NOT** place any liquids near the computer.

**DO NOT** turn off the computer unless using Windows shutdown.

## DO

**DO** save this Quickstart Guide, all manuals and Recovery discs for future reference. Save the carton and the packing materials in case you ever have to store or ship your system.

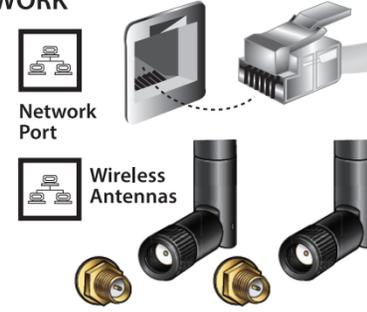

**DO** use a quality surge protector or uninterruptible power supply (UPS) to guard against power surges.

**DO** disconnect the system from AC power and wait 30 seconds prior to installing any internal components.

**DO** ensure all cables are connected properly prior to powering on the computer. Use a grounded power outlet.

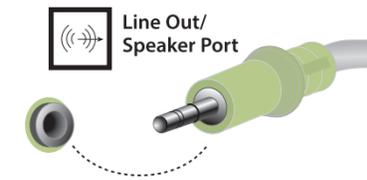

## 3. CONNECT THE NETWORK

- If you are using a wired network, connect an Ethernet cable to the Network Port.
- If you are using a wireless network, the antennas will need to be attached to the back of the computer.
- The antennas are located in the accessory kit.

## 4. CONNECT THE SPEAKERS (IF APPLICABLE)

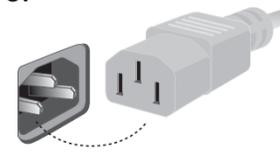

- Plug the speaker cable into the Line Out/ Speaker Port.

**Note:** Your speaker setup will vary as your system may have multiple speaker ports. Connect all that apply.

## 5. CONNECT THE POWER CORD, PLUG INTO A SURGE PROTECTOR & POWER UP

- Plug the system power cord into the power supply at the back of the computer. **Only use the power cord included with your computer.**
- Plug all power cords into a quality surge protector or uninterruptible power supply (UPS).
- Plug the surge protector or UPS into a grounded outlet.
- Recheck cable connections.
- Press the power button to turn on the computer.
- Allow the computer to boot completely. Interrupting the initial setup process will cause software failures.

**Power Cord Connector**  
• PC, Monitor or Speakers

Line Out/ Speaker Port

## EXPANDABILITY

This PowerSpec computer is designed to be expandable. There are many internal components that can be installed by the end user. Improper installation of these components may cause personal injury and may damage the computer. Follow all instructions included with the component carefully or have a certified technician install the component.

Read the **Read First** section on the previous page.

## WINDOWS 11 USB RECOVERY DRIVE UTILITY

To make a Windows 11 reinstallation USB drive:

1. Click the Start button located in the lower left of your desktop.
2. Type Recovery Drive and press Enter.
3. Follow the instructions in the Recovery Drive utility to make a USB drive that will reinstall Windows in the unlikely event that the built-in recovery will not function.

## TO RECOVER YOUR PC USING THE USB RECOVERY DRIVE

1. Plug in your USB recovery drive and then power on your PC.
2. Tap the F8 and F11 buttons alternately.
3. Select the UEFI USB option. Note that different brands of USB drives will appear differently in this menu.
4. Select your keyboard layout language.
5. Select Recover from a drive
6. Once it is complete, the system will reboot to the out of box mode.

## WINDOWS 11 RESET

To reset Windows in the event of a software failure (Please note that future Windows updates may change these instructions slightly):

1. Click Start, and then the settings (gear) icon.
2. Click System on the left side.
3. Click Recovery.
4. Click Reset This PC.
5. Select the recovery option you wish to run. If you are preparing your PC for resale or donation, it is recommended to select the Remove Everything option.
6. Follow the prompts to start the process. Once it is complete, the system will reboot and return to the desktop if you selected Keep My Files or will reboot to the out of box mode if you selected Remove Everything.

## WHICH POWERSPEC IS RIGHT FOR YOU?

### POWERSPEC B SERIES

Business targeted models for customers who need security and stability in the workplace and at home.

### POWERSPEC G SERIES

Built for the demands of the latest gaming performance and most rigorous power user workload.

### POWERSPEC W SERIES

Designed for the power user in need of high level configurations capable to complete the most diverse and intense multi-tasking workloads.

### POWERSPEC X SERIES

Extreme performance to conquer the absolutely most demanding computer needs.

1. 48 Hours is normal service time on most PowerSpec PCs. Occasional circumstances may require additional service to be needed. In these circumstances, Micro Center will make every effort to service your PC as quickly as possible and may, at its discretion, compensate for service not performed within 48 hours with a Micro Center gift card of up to \$50.00. See store for further details.

2. Components must be purchased from Micro Center at the same time as the PowerSpec PC in which components are to be installed. Micro Center will install components free of charge. Installation must be done at time of purchase. Installation times may vary but in most cases can be done while you wait. See store for further details.

3. Discounted software is limited to certain Microsoft titles. See store for further details.
